

Book now for the ultimate annual Christmas, gift, volume and clearance event

Momentum is now building for Harrogate Christmas & Gift Fair 2012, with exhibitors confirming space for the show which takes place at the Harrogate International Centre from 15th to 18th January 2012.

Last year, with a new organising team on board, plus an intensive PR strategy in place, Harrogate Christmas & Gift firmly re-established its position as the ultimate European trade show specifically geared towards the Christmas and gift trade, with both exhibitor and visitor numbers up more than 20% on the previous year.

Simon Anslow, Christmas & Gift Organiser, comments: "Thanks to the new team with its enthusiastic approach and injection of fresh ideas – Christmas & Gift is once again firmly on the map and the 2012 show looks set for further growth. With modernisation and extensions taking place at the Harrogate International Centre, we are currently exploring opportunities for new larger halls providing a bigger and better venue than ever before."

For anyone involved in all aspects of the gift trade, this is a not to be missed event and not only caters for Christmas – although you will find a wealth of Christmas trees, decorations and novelties for the festive season. This event is relevant companies in a diverse range of industries, from gardening products and accessories; home furnishings and household goods, to party products, fancy dress, toys, novelties and licensed goods. The list is endless and grows continually, so if you are a manufacturer seeking new outlets or a retailer looking for new lines for purchase opportunities, make sure you put Harrogate Christmas & Gift firmly in your diary.

In addition, the Volume and Clearance Section, which has traditionally been housed at the Cairn, has decided to make the move to the Majestic Hotel to be closer to the exhibition halls hoping to attract more buyers. This section sells a wide and varied selection of

products from toiletries, house ware, stationery and many other essential everyday items.

Many current exhibitors are now reserving places and are also enquiring about extra space. Last year's exhibitors have until Friday 27th May to reserve the same position as last year with a deposit payment of 25%, after which stand space will be opened up and available to all.
